

Word Root Research Form

Remember the point is to understand these five or six words really well. In fact you should know them so well you feel like an expert.

If you need help understanding a word: (1) look it up in several dictionaries and read the example sentences they include, (2) ask for help from an adult or older family member.

This form must be signed by Mr. Callison before you can proceed to creating your slideshow. It is preferred if you send this to Mr. Callison electronically or through Google Documents.
